

READY FOR PRESENTATIONS IN 30 SECONDS

Roll Up is the most popular display system thanks to its simplicity and speed. The image is protected during transportation and storage, which makes Roll Up an ideal event system for repeated use in different environments. Roll Up is available in two designs.

Roll Up Classic

A stable system with a clean design. Available in a wide range of widths and heights.

Roll Up Professional

Based on Roll Up Classic, but with an exclusive finish and a simpler system for changing images. Also available in the double-sided design.

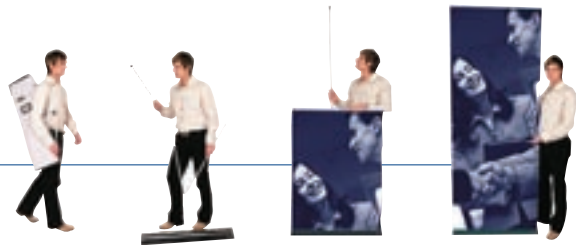

The image is well protected during transportation.

Images on Roll Up Professional can be changed at the simple touch of a button

A simple design that's stable on all surfaces.

Roll Up Professional is also available in a double-sided design.

If you select Roll Up Classic you have a choice of four width and height alternatives to choose from.
